

FOOD SECURITY FORUM

Organised by: Mullaley Gas Pipeline Accord (MGPA) // S.O.S. Liverpool Plains
Caroona Coal Action Group

if you care

Come and send a message to the government that we care about the future of food producing regions in our country. We have a host of distinguished guest speakers from the fields of health, science, environment, law, agricultural action groups and farmers with personal experience.

WHEN ▷

11a.m-2pm approx. Wednesday 12th October 2011

WHERE ▷

Gunnedah Town Hall

HOSTED BY ▷

ALAN JONES (AO)

If you or your community is affected by coal and coal seam gas exploration, extraction and mining developments, this is your opportunity to ask questions, speak out and learn more. This is an event to hear your stories, raise public awareness and send out a strong message to all that we will not accept the rapid expansion of these industries with scant regard to future food security, the health of our people and the devastating impacts upon our water.
